

104 1. Was 6 day creation possible.

So many mortal minds question God's ability for a 6 day creation, without realizing the position they are putting themselves in, by questioning His position, His truthfulness & His power.

If U think about it with your mind & heart, the only logical answer is that creation had to be spoken into existence!

What if God took thousands, or millions of years, what would He have created light out of?, or how long to start & grow 8.7 million species of animals?, or 400,000 different kinds of flowers, much less a human being with a living brain, which no scientist can explain 1% of, & bodies, bones & skin, with organs & senses & eyes that have 120 million rods & 6 million cones & our ability to know that? Much less a planet that sits in perfect gravitational force & protected by the trillions of things flying around the universe & yet earth sits with everything in perfect harmony to sustain human life?

How much time do you think it should've taken to create all these things, plus hundreds of trillions of other things, for us?

If He couldn't do it faster than it takes you to blow your nose, than He couldn't have done it at all, so knowing exactly what He wanted, He spoke it into existence, with His perfect, powerful words, as it could have never been done hands.

Think about the things that He gave you the ability to create, or ruin with your words, words are very powerful, even for mortals, but for God they are very powerful supernatural tools, that we need to thank Him for having, to help in our times of need.

Sit in a dark closet & ask yourself, how would I go about creating light & life, with what I have here?

The Bible tells one consistent story, written over 1,500 years, on 3 continents, by 40 authors, from every walk of life, which is an amazing example of the power of God. How can I see, how real God is.

Dont you realize that creatures (us), living in a creation (world), would require a creator (God), which is more than obvious, to even the simplest mind.

We can also learn a lot about God & truth by looking at all the things in nature. The basic reality of God is always present, open your eyes & there He is, Romans 1:19,20. There are 195 countries, 225 nationalities, 10,000 species of birds & between 3-30 million animal species on earth, as God likes variety, even Volcanos, tornados, tidal waves, earthquakes, all show God has power over the earth.

All of us have feelings of right, or wrong, by our consciences. Many people obey God's commands, though they don't know the law, as our conscious knows the law, it's written on our heart, so we do not have to be saved, to know the right things to do, or to question; Am I on the right path?

Our messages are for believers & unbelievers alike & for all who want to seek truth & love & its only request is to not impose beliefs on others, or talk down on others for theirs, as beliefs are very subjective & are between each individual & God & for each individual to study test & prove, as we want to discuss, share & live by God's truths, not our beliefs.

When we enter into an intimate relationship with God through faith in Christ, Hebrews 10:22, He becomes our heart's greatest desire. Knowing Him, hearing His voice, sharing our hearts with Him & seeking to please Him. He becomes everything to us & we learn not to question His truths, as He can do anything & we should see & understand that, in all things.
