

## **Blog 100 E. Salvation or Vacation**

For all of us who have felt the flood of love from the spirit of God & who have been recovered from satans worldly grip & are experiencing extreme personal growth in faith, we need to be using our time to share this flood of love, grace & faith, for the building up of those who may be lost, broken, lonely, or on the verge of self-destruction. As James 1:22 teaches, Be doers of the word, not just hearers, while deceiving ourselves.

We must stop trying to make time to help others, only God can make time, what we must do, is stop making excuses & just do what we are called to do, we must choose to show love & concern for all, at all times, even at our inconvenience, because that's the kind of love, God gave us, to share with all.

This is not about religious programming, it's about a way of life, spreading the truth of God's word, to people who are going to perish, if we do not step up & plant the seed of hope & truth that we all need & which is found by knowing that we can trust God & need to now be asking, what we can do to show God that He can trust us. Our goal should be, that when God searches our heart, that He should find Himself & His will, not our safe selfish wills.

Many have been on vacation for too long, walking towards their own desires, instead of the desires of the heart that God has placed inside of all repentant truly saved Christians. God wants to give us the desires of our heart, but some are looking for the things they desire, not realizing

that God is saying is He wants to fill our hearts with His desires & wants those to become our desires, so that the desires of our hearts is what God has placed there for Him & us, as He wants the desires of our hearts, to be His desires, i.e. the desires of our heart.

The desires of our hearts, hopefully involve seeing all whom we know & see, to know the way to & importance of salvation as in the end it is truly the most important thing that we not only can, but owe it to God & people, to share with all whom we can, so it is time to end the vacation & start spreading the good news of salvation.
